

## INDEX TO VOLUME 51

### A

#### ABDOMEN

See also under names of abdominal organs, as Liver; Spleen; Stomach  
 —abdominal abscess as cause of intestinal obstruction in the newborn infant (ab), Julius B. Richmond and Herbert R. Moore, July, 137  
 —abdominal arteriography: technique and diagnostic application (ab), Frederick B. Wagner, Jr., et al, Sept., 445  
 —abdominal venography (ab), Pedro L. Farfus, Sept., 445  
 —tumors  
 —sympathoblastoma (neuroblastoma) (ab), Frederick B. Mandeville, July, 148  
 —wounds and injuries  
 —penetrating wounds (ab), M. Slater, Dec., 893

**ABRE PEDACE, EDUARDO.** See CASTEX, MARIANO R.  
**ABEHOUSE, B. S.**: Heterotopic bone formation following suprapubic prostatectomy (ab), Nov., 761

**ASCES**. See Abdomen; Brain; etc.

**ABSTRACTORS** (for Radiology)

—we point with pride (ed), Oct., 583

**ACHES, SAMUEL.** See BERGER, LOUIS

**ACROCEPHALY.** See ACROCEPHALY

—acrocephalosyndactyly (ab), H. Gray and L. B. Dickey, July, 124

#### ACTINOMYCOSIS

—nocardiosis. Nocardia asteroides infection simulating pulmonary tuberculosis (ab), Robert P. Glover, et al, Nov., 746

—primary actinomycosis of skin; case (ab), Emanuel Muskat, et al, Sept., 451

**ADAMSON, J. D.**, and **EDMISON, J. N.**: Immigration tuberculosis (ab), Sept., 433

**ADDISON'S ANEMIA.** See Anemia, pernicious

**ADENOMA.** See Bronchi, tumors; Pancreas, tumors

**ADLER, LUDWIG.** Treatment of cervical cancer (ab), Sept., 449

#### ADOLESCENCE

—vertebral osteochondritis: infantile and adolescent (radiological study); 2 cases (ab), Pierre Ingelrans and A. Ven-deuvre, Aug., 285

#### ADRENAL PREPARATIONS

—use of adrenal cortical hormone in radiation sickness, Friedrich Ellinger, Sept., 394

#### ADRENALS

—early effect of x-rays on ovaries of normal and adrenalectomized rats (ab), M. Ickowicz, Oct., 610

#### ADRENOMA

—sympathoblastoma (neuroblastoma) (ab), Frederick B. Mandeville, July, 148

**AHLROM, HUGO.** Malignant tumors of the testis. Treatment at Radiumhemmet, Stockholm (ab), Sept., 450

**AIRBLOCK.** See Emphysema

**ALBERS-SCHÖNBERG DISEASE.** See Osteosclerosis fragilis

**ALBERTSON, HORACE A.**, and **PETERSON, CHARLES H.**: Case of progressive bilateral bullous emphysema complicated by chest trauma (ab), Sept., 436

**ALBRIGHT, FULLER.** Osteoporosis (ab), Nov., 757

**ALBRIGHT'S SYNDROME.** See Bones

**ALIMENTARY TRACT.** See Digestive System

**ALLEN, LEWIS G.** (obit), Aug., 266

**ALLEN, M. LOWRY.** X-ray therapy in the treatment of paraparesis of the shoulder. A study based on the treatment of 64 cases (ab), July, 153

**ALLISON, STANTON T.**, and **NILSSON, J. M. N.**: Treatment of pulmonary tuberculosis with streptomycin (ab), Oct., 597

**ALTSCHEULE, M. D.**, and **TILLOTSON, K. J.**: Mechanisms underlying pulmonary and cardiac complications of electrically induced convulsions (ab), Dec., 889

**ALTZA, E. P.**, and **HAINES, C. E.**: Intradermal test for sensitivity to iodopyracet injection or "diodrast" (ab), July, 147

#### AMEBIASIS

—amebiasis (ab), Joseph H. Nicholson and Frank A. De Dominicis, Oct., 601

—hepatic amebiasis (ab), Harold J. F. Kullman and Howard Golden, Dec., 892

—liver abscess (ab), Thomas G. Hays, et al, Dec., 892

—pulmonary manifestations (ab), Hiram T. Langston and Robert T. Fox, Sept., 430

—with pulmonary involvement (ab), Felix A. Hughes, Jr., and Kean F. Westphal, Sept., 130

**AMERICAN COLLEGE OF RADIOLOGY.**

—economics of practice of radiology. Report prepared by the American College of Radiology for the Council on Medical Services of the American Medical Association (ab), Mac F. Cahal and E. E. Nyberg, Oct., 604

—resignation of executive secretary, Dec., 876

**AMNIOTIC FLUID**

—confluent pulmonary embolism by amniotic fluid contents, with report of possible case (ab), Leo M. Seltzer and William Schuman, Oct., 603

**AMORY, H. I.**, and **BUNCH, R. F.**: Perivascular injection of thorotrust and its sequelae, Dec., 831

**AMYLOPLASIA CONGENITA.** See Joints

**ANDRIEU.** See PONS, H.

#### ANDROGENS

—testosterone therapy in case of fibrous dysplasia of bone with hypogenitalism (ab), Rita S. Finkler and George M. Cohn, Sept., 441

#### ANEMIA

—Addison's. See Anemia, pernicious

—erythroblastic

—Cooley's erythroblastic anemia in 2 Chinese boys (ab), Luther B. Gardner, July, 140

—hemolytic

—hemolytic anemia associated with malignant diseases (ab), Daniel Stats, et al, July, 150

—pernicious

—cancer of stomach in Addison's anemia (ab), W. A. Bourne, Dec., 891

—sickle-cell

—in adults: roentgenographic findings, Omar Legant and Robert P. Ball, Nov., 665

—radiologic changes, Stanley H. Macht and Paul W. Roman, Nov., 697

—splenic

—Gaucher's disease without splenomegaly (ab), Margaret E. Morgans, Aug., 284

#### ANEURYSM

—arteriography in cases of aneurysm and arteriovenous fistula, with a review of literature concerning choice of solution (ab), Harris B. Shumacker, Jr., and Anne F. Godley, Dec., 895

—aortic

—differentiation of mediastinal tumor and aneurysm by angiography (ab), Marcy L. Sussman, Sept., 445

—Marfan's syndrome in the adult: dissecting aneurysm of aorta associated with arachnodactyly (ab), John R. Tobin, Jr., et al, Aug., 285

—rapid development (ab), I. J. Grek, July, 134

—unusual aortic aneurysm followed for 10 years (ab), W. G. Hartnett and C. S. Beatty, Oct., 600

—arteriovenous

—pulmonary arteriovenous aneurysm: a new surgical disease (ab), William L. Watson, Oct., 599

—intracranial

—diagnosis (ab), James L. Poppen, Dec., 884

—pulmonary

—aneurysm of pulmonary artery: review of literature and report of case (ab), Ralph A. Deterling, Jr., and O. Theron Clagett, Aug., 279

**ANGIOCARDIOPHARY.** See Ductus Arteriosus

**ANGIOGRAPHY.** See Brain

**ANGIOMA.** See Tumors, angioma

**ANKLE**

—tear of lateral ligament of ankle (ab), Louis A. Goldstein, Dec., 894

**ANSFIELD, DAVID J.** See MELAMED, ABRAHAM

**ANTHRAX**

—roentgen treatment of external infections due to *Bacillus anthracis*, Manuel Riebeling, Sept., 333

#### ANXIETY

—heart size in neurocirculatory asthenia, effort syndrome, or anxiety neurosis (ab), Jacques Carliotti, et al, Aug., 280

**AORTA**

—studies on translumbar aortography: simple apparatus (ab), A. E. Vitt and W. F. Melick, Aug., 286

—visualization of maternal circulation at site of placenta (placentograms); preliminary report (ab), Leo J. Hartnett, Aug., 285

**anomalies**

—new anomaly: left aortic arch with right descending aorta (ab), Raphael N. Paul, Nov., 750

—transposition of aorta and pulmonary artery, with intact interventricular septum, patent foramen ovale and closed ductus arteriosus (ab), Béla Halpert and Vernon D. Cushing, Aug., 281

**aneurysm.** See Aneurysm

—notching of ribs without coarctation, Philip Batchelder and Robert J. Williams, Dec., 826

**syphilis**

—calcification of ascending aorta as a sign of syphilitic aortitis, Robert S. Leighton, Aug., 257

#### APPENDIX

—acute appendicitis simulating gallstone ileus (ab), G. R. Moloney, Aug., 283

—diverticulitis (ab), Pedro A. Maissa, July, 135

**mucocle**

—retroperitoneal mucocle of appendix; case, with characteristic roentgen features, Louis J. Bonann and James G. Davis, Sept., 375

**ARACHNODACTYLIA**

—case (ab), Thomas O. Dorrance, Oct., 602

**ARACHNODACTYLIA—CONT.**

—Marfan's syndrome in the adult: dissecting aneurysm of aorta associated with arachnodactyly (ab), John R. Tobin, Jr., et al, Aug., 285  
**ARCHER, V. W., COOPER, GEORGE, JR., and CIMMINO, C. V.**: Occult meningocoele of the sacrum. Report of three cases, Nov., 691  
**ARENDT, JULIAN**. See **CARDON, LEONARD**

**ARMS**

—neurovascular syndrome of arm associated with hypertrophied subclavus muscle; report of case, including operative treatment (ab), Eugene E. Clifton, Oct., 604  
—prenatal bowing and thickening of tubular bones with multiple cutaneous dimples in arms and legs: congenital syndrome of mechanical origin (ab), John Caffey, Sept., 441

**ARONBERG, LAWRENCE M.** See **SCHNOEBELEN, PAUL C.**  
**ARONOVITCH, M.** See **MEAKINS, J. F.**

**ARTERIES**

See also **Aneurysm**; **Aorta**; **Brain**; **etc.**  
—micro-arteriography (ab), A. E. Barclay, Aug., 287  
**carotid**  
—an additional approach to internal carotid artery for cerebral angiography (ab), Arthur Ecker and Richard H. Chamberlain, July, 123

**pulmonary**

—transposition of aorta and pulmonary artery, with intact interventricular septum, patent foramen ovale and closed ductus arteriosus (ab), Béla Halpert and Vernon D. Cushing, Aug., 281

**roentgenography**. See also **Aneurysm**; **Brain**, **blood supply**  
—abdominal arteriography: technic and diagnostic application (ab), Frederick B. Wagner, Jr., et al, Sept., 445  
—peripheral arteriography (ab), LeRoy J. Kleinsasser, Oct., 603

**subclavian**

—syndrome of aberrant right subclavian artery with patent ductus arteriosus (ab), Henry P. Brean and Edward B. D. Neuhauser, Dec., 889

**ARTHROSIS**. See **Rheumatism**; **Shoulder**; **Spine**

**ASBESTOSIS**. See **Pneumoconiosis**

**ASTHMA**

—x-ray therapy as an adjunct in treatment of bronchial asthma; preliminary report (ab), Katharine B. MacInnis, July, 152

**ASTWOOD, E. B., and STANLEY, MALCOLM M.**: Use of radioactive iodine in the study of thyroid function in man (ab), Nov., 765

**ATELECTASIS**. See **Lungs, collapse**

**B**

**BACK, A., and BLOCK-FRANKENTHAL, L.**: Influence of x-rays on respiration of nuclei of fowl erythrocytes (ab), Oct., 610

**BACON, RALPH D.**: The 1946 Erie county chest x-ray survey (ab), Sept., 433

**BAGGENSTOSS, O. J.** See **STENSTROM, K. W.**

**BAIRD, SYDNEY S.** See **SPENCE, HARRY M.**

**BAKER, GEORGE S.** See **FORSYTHE, ROBERT W.**

**BAKER, ROGER, and BROOKS, FRANK P.**: Bilateral ureteroceles. Report of a case with acute right-sided obstruction, July, 85

**BALL, ROBERT P., SEGAL, ALLAN L., and GOLDEN, ROSS**: Post bulbar ulcer of the duodenum (ab), Nov., 752

—See **LEGANT, OMAR**

**BANNON, JAMES H.** See **CHASIS, HERBERT**

**BARCLAY, A. E.**: Micro-arteriography (ab), Aug., 287

**BARDEN, ROBERT P., and COOPER, DAVID A.**: Roentgen appearance of the chest in diseases affecting the peripheral vascular system of the lungs. I. Conditions associated with increased vascular permeability, July, 44

**BAREFOOT, SHERWOOD W.** See **CALLAWAY, J. LAMAR**  
**BARIUM**

—barium sulfate in saline suspension: examination of colon in presence of partial obstruction, George M. Wyatt, Sept., 326

**BARLING, E. V., and BORRIE, JOHN**: A case of cyst of the spleen (ab), Dec., 893

**BARR, JOSEPH S.** See **REIDY, JOHN A.**

**BARRINGER, BENJAMIN S.**: Twenty-five years of radon treatment of cancer of the bladder (ab), Sept., 450

**BARROW, SIDNEY CONROY** (obit), Nov., 738

**BARTA, CHESTER K.** See **PONSETI, IGNACIO**

**BASSLER, ANTHONY, and PETERS, A. GERARD**: Hepatic calculi, Aug., 283

**BATCHELER, PHILIP, and WILLIAMS, ROBERT J.**: Notching of ribs without coarctation, Dec., 826

**BATISTA DOS REIS, JOAO**. See **PUPO, PAULO P.**

**BAUER, WM.** See **SANTE, L. R.**

**BAY, EMMET B.** See **TOBIN, JOHN R., Jr.**

**BEARD, DONALD E.** See **GOODYEAT, WILLIAM E.**

**BEATTY, C. S.** See **HARTNETT, W. G.**

**BEATTY, OREN A.** See **HORST, JOHN V.**

**BEHNAY, CHARLES A.**: Transvaginal high voltage therapy for the treatment of carcinoma of the cervix (ab), Nov., 762

**BEHRMAN, HOWARD T.** See **COMBES, FRANK C.**

**BELL, JOSEPH C., and DOUGLAS, JAMES B.**: Roentgen-ray diagnosis of malignant and potentially malignant lesions of the colon and rectum, Sept., 297

**BENDER, JOHN R.** See **SELMAN, JOSEPH**

**BENN, J.**: Prognosis of patent ductus arteriosus (ab), Aug., 289  
**BÉRARD, MARCEL, FRAISSE, PIERRE, and DUMAREST, JEAN**: The interlobar pleurisies (ab), Sept., 437  
**BERGÉ, LOUIS, and ACHS, SAMUEL**: Perforation of the small intestine by the Miller-Abbott tube (ab), Sept., 438  
**BERNSTEIN, CHARLES**. See **FLEISCHNER, FELIX G.**  
**BERNSTEIN, LOUIS**. See **HEUBLEIN, GILBERT W.**  
**BERYLLOUM**

—occupational beryllium poisoning in New Jersey (with special reference to its incidence, diagnosis and compensation) (ab), Harrison S. Martland, et al, Dec., 887

**BICHEL, JÖRGEN**. See **KREBS, CARL**

**BILIARY TRACT**

See also **Gallbladder**

**roentgenography**—functional disturbances of biliary tract and operative cholangiography (ab), Pablo L. Mirizzi, Oct., 601

—iodinated organic compounds as contrast media for radiographic diagnoses. IX. Experimental studies on visualization of biliary tract, Glenn E. Jones, Alphonso L. Grohowski, Harold D. Robertson, George H. Ramsey, John A. Schilling, and William H. Strain, Aug., 225

**BILL, ALEXANDER H., Jr.** See **GROSS, ROBERT E.**

**BIOPSY**. See **Bones, tumors**

**BISGARD, J. DEWEY**: Congenital evagination of the dia-phragm (ab), Aug., 281

Pulmonary cavernous hemangioma with arteriovenous fistula, surgical management: case report (ab), Oct., 599

**BLACKFORD, L. MINOR**: Calcification of the myocardium (ab), Nov., 749

**BLADDER**

**cancer**

—transurethral resection and deep x-ray therapy in surgical management (ab), Luis F. Torres, Jr., and Paterno S. Chikiamco, Aug., 290

—treatment by radium needles (ab), M. Lenz, et al, Nov., 763

—twenty-five years of radon treatment (ab), Benjamin S. Barringer, Sept., 450

**diverticula**

—clinical study with special reference to treatment (ab), Harry M. Spence and Sydney S. Baird, Sept., 444

**roentgenography**

—use of a new viscous water-miscible contrast medium, rayopake, for cystourethrography (ab), M. Leopold Brody and Samuel A. Robins, July, 147

—visco-rayopake in cystourethrography (ab), Charles E. Richards, July, 147

**BLALOCK OPERATION**. See **Heart, abnormalities**

**BLEGVAD, OLAF**: On roentgen treatment of scleritis (ab), Aug., 292

**BLOCH-FRANKENTHAL, L.** See **BACK, A.**

**BLOOD**

See also **Erythrocytes**

**diseases**. See **Anemia**; **Leukemia**; **etc.**

**platelets**. See **Thrombocytopenia**

**BLOOD VESSELS**. See **Aorta**; **Arteries**; **Cardiovascular System**; **Extremities**; **Lungs, blood supply**; **Veins**; **etc.**

**BLUEFARB, SAMUEL M.**: Comedos following roentgen ray therapy (ab), Aug., 294

**BODY SECTION ROENTGENOGRAPHY**

—critical evaluation of laminography in carcinoma of larynx (ab), Pier Luigi Cova, Aug., 276

—planigraphy in diagnosis of bronchogenic carcinoma (ab), Leo G. Rigler and Thomas B. Merner, July, 125

—simple and inexpensive laminograph for use in neurosurgery (ab), William B. Scoville and Gerhard Danelius, Dec., 896

**BOECK'S SARCOID**. See **Sarcoidosis**

**BOGART, FRANKLIN B., and IMLER, ALLISON E.**: Fibrous dysplasia of bone (ab), Nov., 756

**BOHRER, E. R.** See **OSSMAN, J. A.**

**BOLSTAD, DONALD S.**: Pyloric obstruction and stricture of the esophagus following ingestion of lye (sodium hydroxide mixed with sodium carbonate) (ab), Dec., 890

**BONANN, LOUIS J., and DAVIS, JAMES G.**: Retroperitoneal mucocle of the appendix. Case report with characteristic roentgen features, Sept., 375

**BONES**

See also names of **Bones**

—foreign body healing with osteoplastic reaction (ab), K. Breinlinger, Oct., 602

—heterotopic bone formation following suprapubic prostatectomy (ab), B. S. Abeshouse, Nov., 761

—hypervitaminosis A: 2 cases in infants, Phillip E. Rothman and E. Elisabeth Leon, Sept., 368

—influence of hypervitaminosis A on bone growth (ab), Thomas E. Van Metre, Jr., Sept., 443

**atrophy**

—acute osteoporosis of Sudeck as a sequel of carpal traumatism incurred at work (ab), Francisco Fernández Rozas, July, 142

—osteoporosis (ab), Fuller Albright, Nov., 757

**cancer**

—bone changes and variations in skeletal metastases due to diethylstilbestrol and orchietomy during treatment of cancer of prostate (ab), Carl S. Wattenberg, Sept., 450

**diseases**

—fibrous dysplasia (ab), Franklin B. Bogart and Allison E. Imler, Nov., 756

—Milkman's syndrome: case (ab), Irving B. Brick and Rollin F. Bunch, July, 140

**BONES, diseases—cont.**

- polyostotic fibrous dysplasia (Albright's syndrome) and its comparison with dyschondroplasia (Olier's disease). A correlation of radiological and pathological findings, L. R. Sante, Wm. Bauer, and R. M. O'Brien, Nov., 676
- progressive diaphyseal dysplasia, Edward B. D. Neuhauer, Harry Schwachman, Martin Wittenborg, and Jonathan Cohen, July, 11
- roentgen diagnosis of rickets associated with other skeletal diseases of infants and children, Ralph S. Bromer and Rolfe M. Harvey, July, 1
- testosterone therapy in case of fibrous dysplasia of bone with hypogenitalism (ab), Rita S. Finkler and George M. Cohn, Sept., 441
- fragility**

  - osteogenesis imperfecta; study of five generations (ab), Cal S. Kellogg, July, 139
  - osteogenesis imperfecta tarda—Lobstein's disease (ab), Murray Clarke, Nov., 757

- marrow**

  - multiple myeloma; survey based on 35 cases, 18 of which came to autopsy (ab), Louis Lichtenstein and Henry L. Jaffe, July, 138
  - roentgen treatment of multiple myelomatosis; a correction, L. H. Garland and Bayles R. Kennedy, Nov., 737

- acrosis. See Necrosis**
- pathology**

  - etiology of infantile cortical hyperostoses (ab), Percy J. Delano and Craig D. Butler, Sept., 441
  - infantile cortical hyperostoses (ab), Charlotte Fisk, Oct., 602
  - osseous changes in a patient with hemophilia (ab), Jens Petersen, Aug., 283
  - prenatal bowing and thickening of tubular bones with multiple cutaneous dimples in arms and legs: congenital syndrome of mechanical origin (ab), John Caffey, Sept., 441
  - radiological changes in sickle-cell anemia, Stanley H. Macht and Paul W. Roman, Nov., 697
  - radiological features of neurofibromatosis, John F. Holt and Edwin M. Wright, Nov., 647
  - sickle-cell anemia in adults: roentgenographic findings, Omar Legant and Robert P. Ball, Nov., 665
  - Werner's syndrome; case report, Maurice M. Pomeranz, Oct., 521

- syphilis**

  - importance of radiological investigation of bones in congenital syphilis (ab), Francisco Borges y Hernández and Raúl Pereiras (y Valdés), July, 138

- tumors**

  - benign central cartilaginous tumors (ab), Bradley L. Coley and Anthony J. Santoro, Sept., 441
  - eosinophilic granuloma; case (ab), Edgar N. Weaver and John R. Carter, Oct., 602
  - eosinophilic granuloma; 2 cases (ab), William M. Stillphant and Donald B. Hull, Oct., 602
  - glomus tumor with primary involvement of bone; case (ab), Rafaela Lattes and David C. Bull, Nov., 758
  - osteoid osteoma, review of literature and report of 30 cases (ab), Mary S. Sherman, Aug., 283
  - roentgen appearance of primary reticulum cell sarcoma (ab), Robert S. Sherman and Ruth E. Sayler, July, 138
  - serious limitations and erroneous indications of biopsy in diagnosis of tumors of bone (ed), James F. Brailsford, Nov., 733

- wounds and injuries**

  - traumatic cortical osteophytosis (cortical osseous changes appearing on some diaphyses subjected to microtrauma-tism) (ab), F. Saegesser, Nov., 758

**BOOK REVIEWS**

**BRAIN**

  - cystercerosis: clinical, pathological, radiological, and cerebrospinal fluid findings (ab), Paulo Pinto Pupo, et al., July, 124
  - significance of widened septum pellucidum (ab), Robert M. Lowman, et al., Dec., 882

**abnormalities**

  - congenital atresia of the foramina of Luschka and Magendie: 2 cases with surgical cure (ab), Claude C. Coleman and Charles E. Troland, Dec., 882

**abscess**

  - diagnostic significance of change in position of metallic foreign bodies in brain abscess (ab), Ernest H. Wood, Jr., Nov., 744

**blood supply**

  - absence of anterior cerebral artery in skull arteriogram (ab), M. Zehnder, Nov., 744
  - additional approach to internal carotid artery for cerebral angiography (ab), Arthur Ecker and Richard H. Chamberlain, July, 123
  - cerebral angiography (ab), Philip J. Hodes, et al., Sept., 431
  - cerebral angiography: a technic using dilute diodrast (ab), Frank D. Ingram and Cully A. Cobb, Jr., July, 123
  - intracranial angiography via vertebral artery. Preliminary report of a new technic (ab), Stig Radner, Oct., 596
  - technic of direct (percutaneous) cerebral angiography (ab), E. Lindgren, July, 123
  - technical improvements in cerebral angiography (ab), Arne Engestad and Hans Kvadshheim, Dec., 896

**calcification**

  - Sturge-Weber disease: clinico-radiologic picture (ab), Giuseppe Muscettola, Aug., 276

**foreign bodies**

  - diagnostic significance of change in position of metallic foreign bodies in brain abscess (ab), Ernest H. Wood, Jr., Nov., 744

**hernia**

  - herniation of cerebral ventricles (ab), Charles R. Perryman and Eugene P. Pendergrass, Nov., 744
  - upward transtentorial herniation of the brain stem and cerebellum due to tumor of the posterior fossa, with special note on tumors of the acoustic nerve (ab), Arthur Ecker, Dec., 882

**roentgenography. See also Brain, blood supply**

  - encephalography with small amounts of air (ab), Kristian Kristiansen and Agvald Vogt, Aug., 275
  - simple and inexpensive laminograph for use in neurosurgery (ab), William B. Scoville and Gerhard Daneius, Dec., 896
  - simple encephalography stand for attachment to x-ray table (ab), William B. Scoville, Sept., 445
  - subdural hematoma outlined with air in encephalogram (ab), Olle Olsson, Dec., 882

**tumors**

  - changes of optic canal in cases of intracranial tumor (ab), Arne Engestad and Arne Kildsen, Dec., 883
  - huge calcified intracranial oligodendroglioma (ab), C. Eugene DeAngelis and Elizabeth S. DeAngelis, Nov., 744
  - intracranial osteochondroma (ab), Robert W. Forsythe, et al., July, 123
  - upward transtentorial herniation of the brain stem and cerebellum due to tumor of posterior fossa, with special note on tumors of the acoustic nerve (ab), Arthur Ecker, Dec., 882

**wounds and injuries**

  - traumatic intracranial hemorrhage (ab), E. S. Gurdjian and J. E. Webster, Dec., 883

**BRANDENBERGER, E., and SCHINZ, H. R.**: Investigation of the different dense substances of the teeth by x-rays (ab), Sept., 432

**BRANNAN, DON D.** See NICHOL, A. D.

**BREAN, HENRY P., and NEUHAUSER, EDWARD B. D.**: Syndrome of aberrant right subclavian artery with patent ductus arteriosus (ab), Dec., 889

**BREAST**

- roentgen therapy in chronic mastitis (ab), George E. Pfahler and George P. Keefer, July, 153
- cancer**
  - investigation of cancer metastases. Basic factors for combined radio-surgical treatment of breast cancer (ab), Hans E. Walther, July, 149
  - preoperative irradiation of carcinoma: anatomico-pathological considerations (ab), E. Rutishauser and G. Majno, July, 149
  - preoperative roentgen treatment (ab), Sigvard Kane, Nov., 761
  - results of surgery and radiation for carcinoma of breast with axillary metastasis (ab), K. W. Stenstrom and O. J. Bagenstoss, Sept., 447
  - role of irradiation in management of carcinoma, Eugene P. Pendergrass and David Kirsh, Dec., 767
  - treatment by curietherapy and roentgen therapy (ab), J. Maisin, Sept., 447
  - treatment from a radiologic point of view (ab), Raymond Sarasin, July, 149
- BREINLINGER, K.** Foreign body healing with osteoplastic reaction (ab), Oct., 602

R

RADIATION SICKNESS. See Roentgen Rays, injurious effects

RADIATIONS

See also Radioactivity; Radium; Roentgen Rays

—quantitative histological analysis of radiation effects\* in human carcinomatia (ab), Brigitte Wolff and Frank Ellis, Aug., 295

injurious effects

—comparison of lethal effect of neutrons and gamma rays on mouse tumors, (a) by irradiation of grafted tumors\* in vivo, (b) by irradiation of tumor fragments in vitro (ab), L. H. Gray and John Read, Nov., 766

—effects of radiation on hemopoiesis, John S. Lawrence,

Andrew H. Dowdy, and William N. Valentine, Sept., 400

—methods to reduce the dangers of radiotherapy in cancer of the uterus (ab), D. Den Hoed, Oct., 606

—morphologic changes in the lymphocytes of persons exposed to ionizing radiation (ab), Annamae Dickie and Louis H. Hempelmann, Aug., 293

—obstructive lesions of the small intestine and sigmoid due to irradiation (ab), James G. Spackman, Nov., 766

**RADIATIONS, injurious effects—cont.**

- spindle cell epidermoid epithelioma simulating sarcoma in chronic radiodermatitis (ab), Charles F. Sims and Neville Kirsch, Nov., 766
- study of hands of radiologists, Nancy K. Braasch and Margaret J. Nickson, Nov., 719
- tolerance dose and prevention of injuries caused by ionizing radiations (Silvanus Thompson memorial lecture) (ab), Rolf M. Sievert, July, 154

**RADIOACTIVITY**

- clinical experience in diagnosis and treatment of thyroid disorders with radioactive iodine (eight-day half-life), Sidney C. Werner, Edith H. Quimby, and Charlotte Schmidt, Oct., 564
- colloidal gold containing radioactive isotope Au<sup>198</sup> in selective internal radiation therapy of diseases of lymphoid system (ab), C. W. Sheppard, et al., Oct., 608
- comparison of lethal effect of neutrons and gamma rays on mouse tumors, (a) by irradiation of grafted tumors *in vivo*, (b) by irradiation of tumor fragments *in vitro* (ab), L. H. Gray and John Read, Nov., 766
- direct infiltration of radioactive isotopes as a means of delivering ionizing radiation to discrete tissues (ab), P. F. Hahn, et al., Oct., 609
- experiments on mechanism of biological action of fast neutrons, using summation method for lethal effects in mice (with a section on dosimetry of fast neutrons) (ab), J. S. Mitchell, Aug., 295
- factors involved in experimental therapy of metastatic thyroid cancer with I<sup>131</sup>. Preliminary report, L. D. Marinelli, J. B. Trunnell, R. F. Hill, and F. W. Foote, Oct., 553
- histological localization of radioactive elements (a review) (ab), J. Gross and C. P. Leblond, July, 154
- influence of radioactive phosphorus on tumor growth in mouse tumor C.2146 and Brown-Pearce rabbit carcinoma (ab), A. Forssberg and F. Jacobsson, Aug., 293
- inhibition of ribo- and thymo-nucleic acid synthesis (uptake of radioactive phosphorus) in tumor tissue by irradiation with x-rays (ab), Barbara E. Holmes, Oct., 610
- radioactive iodine: its use as a tool in studying thyroid physiology, Rulon W. Rawson and Bengt N. Skanse, Oct., 525
- radioactive iodine studies of functional thyroid carcinoma, Virginia K. Frantz, Edith H. Quimby, and Titus C. Evans, Oct., 532
- radioactive phosphorus, P<sup>32</sup>: a six-year clinical evaluation of internal radiation therapy (ab), Charles A. Doan, et al., July, 153
- thrombocytopenic purpura following therapeutic administration of radioactive sodium; case, Harold W. Jacob, Dec., 860
- treatment of Graves' disease with radioactive iodine (ab), Earle M. Chapman, Nov., 765
- treatment of hyperthyroidism with radioactive iodine (I<sup>131</sup>, 12-hour half-life and I<sup>131</sup>, 8-day half-life), Earle M. Chapman, Bengt N. Skanse, and Robley D. Evans, Oct., 558
- urinary excretion of radioactive iodine, I<sup>131</sup>, in a case of severe hyperthyroidism (ab), K. W. Stenstrom and J. F. Marvin, Aug., 293
- use of radioactive iodine in study of thyroid function in man (ab), E. B. Astwood and Malcolm M. Stanley, Nov., 765
- use of radioactive isotopes in diagnosis and therapy (ab), J. R. Maxfield, Jr., and Jack G. S. Maxfield, Nov., 764
- use of radioactive sodium as guide to efficacy of drugs used in treatment of diseases of peripheral vascular system; preliminary report (ab), Isidor Mufson, et al., Nov., 765
